13412 57 Street

Edmonton - Northeast

Owner's comments

Located in a quiet area, facing a large tree park with playground, this newly renovated Bungalow would suit every family's needs. Offering new laminate flooring and freshly painted main level, this home boasts 3 nice sized bedrooms, 1.5 bathrooms, large living room, a big open kitchen and eating area. The main level offers large windows that bring in tons of natural light, making this home very welcoming. In the freshly painted basement, you will find a full kitchen, a large 4th bedroom, 3 piece bathroom, massive family room and a recreational area that can be easily converted to a 5th bedroom. Use as an in law suite or summer kitchen. The backyard has a double garage and RV parking. With such a large lot, you still have tons of yard space and room for your garden. This location and home is sure to please.
